Item Descriptions

Our unique scents are a big part of the **tt for dogs** success.

The current **Sandalwood Spice** range combines our effective formula of Australian essential oils including tea tree, eucalyptus and lemon myrtle, with the unique woody scent of Sandalwood Spice.

In Summer 2013, we will launch our second range, combining the same effective blend of Australian essential oils c with the beachy scents of **Coconut Vanilla**.

tt Sandalwood Spice Shampoo 16 oz. Uses our unique blend of Australian essential oils to clean, heal and condition all types of dog coats.

tt Sandalwood Spice Conditioner 16 oz. Uses our unique blend of Australian essential oils to heal, detangle and condition all types of dog coats.

tt Sandalwood Spice Grooming Spray 4 oz. An effective spritz for in between washes, to gently and effectively detangle, defrizz and condition all types of hair and fur coats, wet or dry, using our unique blend of Australian essential oils plus E-panthenol to keep dogs in "show" condition.

tt Peppermint Dog Mouth Spray 4 oz uses the proven benefits of Peppermint Oil and Grapefruit Seed plus Zinc to prevent bad breath and help remove plaque.

COMING THIS SUMMER! **COCONUT VANILLA** Conditioning Shampoo and Grooming Sprays! PLUS Gallon bottles for all shampoos and conditioners.

tt for dogs – OUR UNIQUE SELLING POINTS

- *the effective natural essential oils formulas*
- *the unique and delicious scents*

The *tt for dogs* unique essential oils formula was scientifically created by scientist and tea tree expert Dr Lyall Williams.

- **Tea Tree** and **Eucalyptus** oils have proven healing, anti-bacterial, anti-inflammatory and cleansing properties;
- **Tea Tree** and **Lemon Myrtle** are known to deter insects and bugs.

Award-winning designer Sally Dominguez works with Dr Lyall to infuse his healing and conditioning formula with unique, uplifting scents. Their first collaboration, using sustainably harvested **Australian Sandalwood**, imparts a fresh, woody scent that is wildly popular.

We are distinguished by our scent, and the effective properties of our Australian essential oils formula.

We manufacture our products in Berkeley California. We use **recycled** plastic bottles and our formulations contain no dyes, parabens or Sodium Laurel Sulphate. We test our products on ourselves and on Aussie kids!

Our **Natural Peppermint Dog Mouth Spray** is proving particularly popular for its efficacy and ease of delivery. No other US product utilizes the effective, natural benefits of Grapefruit Seed, Zinc and Peppermint, and the success of this product in Japan and Australia is mirrored in our sales in the USA.

All products are produced in our Berkeley, California laboratory, using Australian essential oils blended in Sydney Australia by Dr Lyall Williams. **No animal testing, no industrial chemicals, dyes, parabens or SLS** is used in tt products. The Shampoo and Conditioner are **bottled in 100% recycled** plastic bottles.

DIRECTIONS FOR USE

tt Sandalwood Spice Shampoo

Wet your pet, lather up with the rich goodness of tt Sandalwood Spice and finish with tt Sandalwood Spice Conditioner.

tt Sandalwood Spice Conditioner

For a luxurious, naturally healthy & soft coat simply wet your pet, massage tt conditioner over the whole coat and leave the lather for two minutes before rinsing.

tt Sandalwood Spice Grooming Spray

Spray dog's coat, avoiding the eyes. Wait 2 minutes, then comb through. Use as needed: tt Grooming Spray can be used daily, on dogs that require daily brushing, or less frequently to remove odors between washing.

tt Peppermint Dog Mouth Spray

Gently open your pet's mouth and spray enough Mouth Spray to cover the dog's teeth and gums. Repeat daily.
